Details

Sessions are 1.5 - 2 hours in length. Sessions beyond that time frame are billed \$20 per hour in addition to the base rate. Session fees are due before or on the day of the photoshoot and are non-refundable.

Consultation is free. I will meet with you and talk about outfits, locations, props, and other matters for the day of the shoot. The consultation should only take about 30 min so you can be on your way in no time.

If you need to cancel or postpone the shoot contact me within two weeks of the shoot and I can reschedule your session. If it turns out to be a rainy day, I will reschedule you at no extra charge.

Photos are retouched for color, contrast, blemishes, brightness and presented in a proofbook for ordering purposes. Special effects (light beams, fire effects, and other Photoshop effects) are available on the images you select for \$40.00 an image.

All images are copyrighted to Rick Dallas Photography and reproduced only with written permission and abiding by terms and conditions of usage rights.
