

RICK DALLAS

Photography

Consultation is free. Meet with me and discuss locations, colors, styles, and the types of shots you would like to have at your wedding. I follow a traditional shot list to map out the day and make sure things run smoothly so you can get on to having fun on your special day. I also have a custom shot list for you to modify to your liking because who knows you better than you.

I go out of my way to make the best shots that capture the real moments that you will cherish for the rest of your life. Allow me to show you your best you.
